ABOUT ME

Hey there! I'm a Frontend Developer, specializing in Svelte / SvelteKit, web framework renowned for their speed and scalability. With over 3 years of hands-on experience, I have a profound grasp of their core concepts and best practices, along with a strong grasp of the nuances of React and Next Js. I excel at creating high-performance, user-centric web applications with a deep understanding of SSR (Server-Side Rendering) web applications using Svelte / SvelteKit, complemented by my skills in HTML, CSS, JavaScript, Tailwind CSS, TypeScript, Supabase and Pocketbase.

With a strong focus on creating seamless and engaging web experiences, I excel at transforming complex requirements into intuitive and high-performance applications. My passion for frontend development drives me to stay current with the latest industry trends and continually refine my skills to deliver cutting-edge solutions.
